WE HELP YOU INVENT FUTURE

CENTRAL CHEMICALS

COMPANY PROFILE

DISTRIBUTOR DEALERS AND SUPPLIERS OF SCIENTIFIC PRODUCTS

Central Chemicals

WE HELP YOU INVENT FUTURE

CEO MESSAGE

IKHLAQ AHMED

"Welcome to Central Chemicals, your trusted partner in scientific laboratory products. As CEO, I am proud to lead a team of dedicated professionals who share a passion for science and a comitment to excellence

At Central Chemicals, we understand the critical role that laboratory products play in advancing scientific research and innovation. That's why we are dedicated to providing the highest quality products, expert technical support, and exceptional customer service to our customers.

Our mission is to empower scientific discovery and innovation by providing unparalleled products, expertise, and service. We strive to be the premier scientific laboratory products company, trusted by researchers, scientists, and industries countrywide.

Thank you for considering Central Chemicals as your partner in scientific laboratory products. We look forward to supporting your research and innovation endeavors."

Central Chemicals

WE HELP YOU INVENT FUTURE

ABOUT US

DISTRIBUTORS, DEALERS AND SUPPLIERS OF SCIENTIFIC LABORATORY PRODUCTS

CHEMICALS, REAGENTS, SOLVENTS, CHROMATOGRAPHY, MICROBIOLOGY, ENVIRONMENTAL TESTING, CELL DIAGNOSTICS, REFERENCE MATERIALS SOLUTIONS, LABORATORY GLASSWARES, ANALYTICAL APPARATUS AND EQUIPMENTS

Central Chemicals is a leading distributor, dealer, and supplies of high-quality scientific laboratory products, serving the needs of research institutions, universities, industries, and government agencies. With a strong commitment to excellence and customer satisfaction, we provide a comprehensive range of products and services to support scientific advancements.

Central Chemicals was incorporated in 1975 as a proprietary concern with the intention of import as well as supplying a wide array of Scientific & Analytical Products with one division specializing in Glassware, Chemicals, Filtration Products, and Microbiological Products & Instruments.On the supply side, Central chemicals has started supplying highest quality products, exceeding Sales targets especially in the field of Laboratory Glassware, Analytical and Scientific Instruments and Filtration to Pharmaceutical Industries, Educational Institutions, Research Centers, Chemical and Food Industries and so on.

Central chemicals is considered a company of good reputation in the field of supplying high quality scientific products so we are taking every step to increase our supply range of the quality products to satisfy the local market. In this regards we are always seeking information of the Manufacturing Companies all over the world producing High Quality Scientific and Analytical Products.

Central Chemicals

WE HELP YOU INVENT FUTURE

OUR MISSION

Our mission is to empower scientific discovery and innovation by providing high-quality laboratory products, expert technical support, and exceptional customer service. We strive to be the trusted partner for researchers, scientists, and industries, helping them achieve their goals and make a positive impact on society.

OUR VISION

Our vision is to be the premier scientific laboratory products company, empowering innovation and discovery by providing exceptional products, expertise, and service to researchers, scientists, and industries countrywide. We strive to accelerate scientific progress, foster a culture of innovation, and make a positive impact on society through our contributions to laboratory research and development.

OUR WAREHOUSE

"Our state-of-the-art warehousing facility is specifically designed to store and manage a vast array of scientific laboratory products, including chemicals, reagents, solvents, chromatography systems, microbiology media, environmental testing solutions, reference materials, laboratory glassware, analytical apparatus, and equipment. Our warehouse features:

- **Climate-controlled environments for sensitive products**
- **Segregated storage areas for hazardous and non-hazardous materials**
- **Advanced inventory management and tracking systems**
- **Secure and accessible storage for high-value equipment**
- **Efficient order processing and packaging procedures**
- **Compliance with regulatory requirements and industry standards**

Our warehousing capabilities enable us to provide timely and accurate delivery of products to our customers, while ensuring the integrity and quality of the products we store. With a focus on safety, security, and efficiency, our warehouse operations support the success of our clients' scientific endeavors."

WE HELP YOU INVENT FUTURE

AUTHORIZED DISTRIBUTORSHIPS

WHY CHOOSE US?

As authorized distributors, we ensure:

- **Genuine products**
- **Timely delivery**
- **Competitive pricing**
- **Expert technical support**

DISTRIBUTORSHIP HIGHLIGHTS

- **Official distributor for global brands**
- **Covering all over Pakistan**

We are proud to be the officially authorized distributors for renowned international brands:

Honeywell
molekula group
fisher scientific part of Thermo Fisher Scientific
ThermoFisher
HuanKai Biology
PhytoLab
DURAN GROUP magic of precision
chm

We also Supply

British Pharmacopoeia
usp
edqm

Honeywell

Honeywell International Inc. is a multinational conglomerate with a diverse portfolio of businesses, including laboratory chemicals. Honeywell Laboratory Chemicals offers a wide range of high-quality chemicals and solutions for various applications in research, development, and manufacturing.

REAGENT CHEMICALS

ACS Grade
USP Grade
Technical Grade
chemicals
for various applications

SOLVENTS

HPLC Solvents
GC Solvents
Spectroscopy Solvents
and other specialty
solvents.

ThermoFisher

Thermo Fisher Scientific is a leading global provider of laboratory equipment, instruments, and solutions. Their column and pH meter products are designed to support various applications in research, development, and manufacturing

HPLC COLUMNS

High-performance liquid chromatography columns for separation and analysis of complex mixtures

GC COLUMNS

Gas chromatography columns for separation and analysis of volatile compounds

UHPLC COLUMNS

Ultra-high-performance liquid chromatography columns for high-speed separation and analysis

LC-MS COLUMNS

Liquid chromatography-mass spectrometry columns for sensitive and selective analysis

CHROMATOGRAPHY ACCESSORIES

Column adapters, guard columns, and other accessories.

CERTIFICATIONS

DIGITAL PH METERS

Accurate and reliable pH measurement for various applications

PH PROBES

High-quality pH probes for precise measurement in different environments.

PH CALIBRATION SOLUTIONS

Standardized solutions for calibration and maintenance

PORTABLE PH METERS

Handheld pH meters for on-site measurement and analysis

INDUSTRIAL PH METERS

Rugged and reliable pH meters for process monitoring and control

WE HELP YOU INVENT FUTURE

The United States Pharmacopeia (USP) is a non-profit organization that sets standards for the quality, purity, and identity of pharmaceuticals, dietary supplements, and other healthcare products. USP offers a range of standard and impurities products to support quality control, testing, and verification in various industries.

REFERENCE STANDARDS

High-quality standards for identity, purity, and potency testing.

IMPURITY STANDARDS

Standards for identifying and quantifying impurities in pharmaceuticals and related products.

ASSAY STANDARDS

Standards for determining the potency and concentration of active ingredients

CHROMATOGRAPHY STANDARDS

Standards for chromatographic analysis, including HPLC and GC

SPECTROSCOPY STANDARDS

Standards for spectroscopic analysis, including IR, UV-Vis, and NMR

IMPURITY PROFILING KITS

Kits for identifying and quantifying impurities in pharmaceuticals and related products.

CERTIFICATIONS

edqm

The European Directorate for the Quality of Medicines (EDQM) is a part of the Council of Europe, responsible for ensuring the quality, safety, and efficacy of medicines. EDQM offers a range of standard and impurities products to support quality control, testing, and verification in the pharmaceutical and healthcare industries.

REFERENCE STANDARDS

High-quality standards for identity, purity, and potency testing

IMPURITY STANDARDS

Standards for identifying and quantifying impurities in pharmaceuticals and related products

ASSAY STANDARDS

Standards for determining the potency and concentration of active ingredients

CHROMATOGRAPHY STANDARDS

Standards for chromatographic analysis, including HPLC and GC

SPECTROSCOPY STANDARDS

Standards for spectroscopic analysis, including IR, UV-Vis, and NMR

IMPURITY PROFILING KITS

DURAN GROUP
magic of precision

Duran is a leading manufacturer of high-quality glassware products for laboratory, industrial, and medical applications. With over 100 years of experience, Duran offers a wide range of glassware products that meet international standards and regulations

LABORATORY GLASSWARE

- **Beakers**
- **flasks**
- **test tubes**
- **pipettes**

and other glassware for laboratory use

BOTTLES AND CONTAINERS

- **Glass bottles**
- **Containers**
- **Jars**

for storage and transportation

MEDICAL GLASSWARE

Glassware for medical applications, including vials, syringes, and test tubes.

INDUSTRIAL GLASSWARE

Glassware for industrial applications, including process vessels, reactors, and storage tanks

SPECIALTY GLASSWARE

Custom-made glassware for specific applications and industries

CERTIFICATIONS

ISO 9001:2015

CHMLAB Group is a specialized company in separation, filtration and purification products with the aim to fulfill the customer requirements in the scientific community,

Our innovative and high-quality products help customers in laboratories and processes in a time and cost-efficient way. Our vision is to provide the best quality and high-end performance products.

Our key customers are from industries of bioscience, pharmaceutical, medical and food, as well As universities, public research institutes and laboratories.

FILTRATION

- Filter Paper
- Glass
- Quartz Microfibre
- Extraction Thimbles

MICRO FILTRATION

- Syringe Filters
- Membrane Filters
- Membrane Hardware

HuanKai Biology

HKM Bio is a leading manufacturer of high-quality media products for laboratory, industrial, and research applications. With expertise in microbiology and life sciences, HKM Bio offers a wide range of media products to support various industries.

AGAR PLATES

Sterile agar plates for microbial culture and isolation

BROTH MEDIA

Liquid media for microbial growth and cultivation

SOLID MEDIA

Agar-based media for microbial culture and isolation

SELECTIVE MEDIA

Media for selective growth of specific microorganisms

DIFFERENTIAL MEDIA

Media for differentiation of microorganisms

SPECIALTY MEDIA

Custom-made media for specific applications and industries
